

Bento 4

Organise contacts, track projects, plan events, and manage things - the fast, fun and easy way!

Meet Bento® 4, the newest version of the most popular personal database for Mac.

Top new features in Bento 4

- **New!** Label Printing
Print mailing labels, inventory tags, name badges and more - right from Bento.
- **New!** Printing Options
Get more control over your output with new printing options that make invoices, sales orders and other forms look much more attractive.
- **New!** Export Templates with Data
Now you can export your actual data along with your Bento templates to share pre-populated databases with other Bento users.
- **New!** Location Field Type
Track the location where information was entered or modified with the new location field type. This feature is incredibly useful for field researchers, survey takers, real estate agents and mobile salespeople.

Plus, many more new features and updates to Bento for iPhone and Bento for iPad make this the best Bento ever!

Get started in seconds

Choose from 35 built-in templates that are ready to use at work, home, school and in your community. Download more from the web, import from other or create your own custom forms.

Connect contacts, calendars and more

Imagine your names, numbers, appointments, meetings and to-do items all in one place! Bento links directly to the Address book and iCal information you already have on your Mac to bring everything together with ease.

Do more with your data

If you're managing lists in spreadsheets or on paper, Bento can help you do so much more. View information in beautiful forms, get quick sorting, advanced searching. Even add passwords and print mailing labels.

Make the most of your media

View your iPhoto albums from within Bento, and track virtually unlimited information about your multimedia files and photos. Even create a digital scrapbook combining photos, videos and travel notes all on one screen.

Minimum Requirements †

- Mac OS X v10.5.7 Leopard or Mac OS X v10.6 Snow Leopard
- Mac computer with an Intel, PowerPC G5 or PowerPC G4 (867MHz or faster) processor
- 512MB of RAM; 1GB recommended
- CD drive for installation
- TCP/IP; limited to five simultaneous Bento client connections; each client requires a licensed copy of the software.

About FileMaker, Inc.

FileMaker is the leader in easy-to-use database software. Millions of people, from individuals to some of the world's largest companies, rely on FileMaker software to manage, analyse and share essential information. The company's products are the FileMaker Pro line - versatile business database software for teams and organisations, for Windows, Mac, iPhone, iPad and the web - and Bento, the personal database for Mac, iPhone and iPad. FileMaker, Inc. is a subsidiary of Apple.

If your business has 5 or more database users, you can learn more about FileMaker Pro at: www.filemaker.co.uk

Do all this and more—the fast, fun and easy way!

- School - uniforms and equipment on loan
- Community - donations and recipients

Keep your desktop and device in sync

Use Bento for Mac with Bento for iPhone or Bento for iPad to get instant access to details when you're away from your Mac. View libraries and collections, create new records, edit details, sort data and so much more - all on your iPhone or iPad.

Plus, you can wirelessly keep your desktop and mobile device in sync whether you edit information on your Mac or on the go.

Note: Synchronisation between Bento for Mac and Bento for iPad or Bento for iPhone requires a Wi-Fi connection.

"I saw that Bento offered an easier way to organise things. This is pretty much a personal assistant for me."
Heather St. Marie, Singer & Band Member, Hydrovibe

"Bento is a great solution and works much better than any other database or spreadsheet I've tried."

Bill Stanford, Realtor

"Bento keeps track of all our clients, their progress and training programs. We even store photos and videos to analyse and improve their form. It's easy to use and customise. I wouldn't think about using anything else."

Heather Welborn, Personal Trainer

Your Bento for Mac information can always be at your fingertips when you use it with Bento for iPhone or Bento for iPad, both sold separately on the App Store.
